I can do it better than you

She had to say
She can do something that I can't
But she don't know I can do anything
That she can so it might not seem fair

He's so cute
Used to see him everyday after school
But he's so foolish to ever think
That I'm not strong enough to put up a fight

If she can block my jump shot
I can win at hopscotch
I can do that
Well I can do it better

If he can be a track star
I can drive a race car
I can do that
Well let me show you

Whatever I do, do, do
She said, "I can do it better than you, you, you"
When I do it then he wanna try it too, too, too
He says, "I can do it better than,
I can do it better than you"
Oh no
You can do it your way
I can do it mine
Whatever we do
We gonna have a good time
Cause anything you can do
I can do it better than
I can do it better than you

He thanks
He got a swag on
Like but he ain't
I got more than him any day
We're cool but just he can't hate

He can't hate

It's true

The way shorty do her thang is cute

She's a lady and can keep up too

Take notes

She'll go far if you learn how I do (do)

If he can be a track star

I can drive a race car

I can do that

Well I can do better

If she can block my jump shot

I can win at hopscotch

I can do that

Well let me show you

Whatever I do, do, do

She said, "I can do it better than you, you, you"

When I do it then he wanna try it too, too, too

He says, "I can do it better than,

I can do it better than you"

Oh no

You can do it your way

I can do it mine

Whatever we do

We gonna have a good time

Cause anything you can do

I can do it better than

I can do it better than you

Girl, the way you compete with me

Makes me wanna go harder

And boy, I could surprise you more than you think

And keep showing you something new

Whatever I do, do, do

She said, "I can do it better than you, you, you"

When I do it then he wanna try it too, too, too

He says, "I can do it better than,

I can do it better than you"

Oh no

You can do it your way

I can do it mine

Whatever we do

We gonna have a good time

Cause anything you can do

I can do it better than

I can do it better than you

Do, do, do (do)
Do, do, do (do)
Oh no
I can do it better than you
