They say you don't know when you're losing a good
thing
Till it's gone!
And I sometimes think to myself
Does she know?

Now that I hear say yes, please don't stop
Do, do, do you forget that
What's that look on your face
are you surprised?
I can't believe this!
Go lay your head back (what?)
While I set it off (what?)
What are you thinking about? (what?)
Is it me or what? (what?)
You say you'll never leave
I ain't insecure, what you're yelling for, already?

Chorus:
Do you know what you've got, you, you?
Do you know what, do you know what you've got?
You, you, you!
Do you know what, do you know what you've got?
You, you, you
Do you know what, do you know what you've got?

I don't think we recognize love
I'm certified... that trust
And why do I have to ask, is it good enough
Don't you see in me how much I made...
Take a bullet for you if I had to
Take my heart from me, I point it at you

Chorus:
Do you know what you've got, you, you?
Do you know what, do you know what you've got?
You, you, you!
Do you know what, do you know what you've got?
You, you, you
Do you know what, do you know what you've got?

If you forgot what's.. here
Don't change your mind girl,
you're free to go, girl, yeah, yeah
Just do me a favour,
Leave them keys on the tables!
If you forgot what could this feels
You change your mind girl,
you're free to go, girl, yeah, yeah!
Does she know?

Chorus:

Do you know what you've got, you, you?
Do you know what, do you know what you've got?
You, you, you!
Do you know what, do you know what you've got?
You, you, you
Do you know what, do you know what you've got?
I don't think it's safe what you got in me
