I've seen the look, I know you want me  
Why you frontin' girl? You know that you want me  
Want me to say something, so I'mma say something  
The way you rocking it baby, you got the breaks on  
The way you moving it, moving it

You got me moving it, moving it  
Got to get to you, get to you  
Girl, I like that, yeah, yeah  
Gimme straight, so electric  
I know you hate it, just listen to your heart  
'Cause you want it like I do  
So why make it so hard?  
You know how I do

I break 'em, break 'em, break 'em, break 'em down  
I break 'em down, break 'em down, break 'em down  
Break 'em down, like break 'em down, like break 'em  
down  
Break 'em down, break 'em down, break 'em down,  
break 'em down  
Like break 'em down, like knock 'em down  
Like dominoes, they know that they want it  
They know that they want it  
Break 'em down, break 'em down, break 'em down,  
break 'em down  
Like break 'em down, like break 'em down

Attitude, yeah, it's haunting  
Won't you come on over, baby, stop frontin'  
Girl, I get your friends, you see they want me to  
I ain't tryina hide it but I want you  
Moving it, moving it, got me moving it, moving it  
Got to get to you, get to you, girl, I like that  
Gimme straight, so electric  
I know you hate it, just listen to your heart  
'Cause you want it like I do  
So why make it so hard?  
You know how I do

I break 'em, break 'em, break 'em, break 'em down

I break 'em down, break 'em down, break 'em down  
Break 'em down, like break 'em down, like break 'em  
down  
Break 'em down, break 'em down, break 'em down,  
break 'em down  
Like break 'em down, like knock 'em down  
Like dominoes, they know that they want it  
They know that they want it  
Break 'em down, break 'em down, break 'em down,  
break 'em down  
Like break 'em down, like break 'em down

I break 'em down, I break 'em down  
Then get 'em up  
She know she want me, look at her style  
Swag, she's here, that's why I need this  
She on my swag, she light this fire  
You know, you know

I break 'em, break 'em, break 'em, break 'em down  
I break 'em down, break 'em down, break 'em down  
Break 'em down, like break 'em down, like break 'em  
down  
Break 'em down, break 'em down, break 'em down,  
break 'em down  
Like break 'em down, like knock 'em down  
Like dominoes, they know that they want it  
They know that they want it  
Break 'em down, break 'em down, break 'em down,  
break 'em down  
Like break 'em down, like break 'em down

Break 'em down then get 'em up  
She know she want me, look at her style  
Swag
