Same old circle getting old  
Tell me something I don't know  
Can you take this lying down  
Sometimes you gotta shout

Hey, hey, hey  
Whatcha wanna be  
Explore all possibilities  
Now, now, now,  
Doesn't matter how  
Can you take this lying down  
Move, move, move  
Don't you wanna groove  
Inhibitions gotta lose  
Say, say, say  
Whatcha gonna do  
Come on, Come on, Come on  
This is our time

Wasted days up on the shelf  
Distant voices tell yourself  
Nothing's real and ever what it seems  
Only when I'm in my dreams  
Anticipation setting in  
Of what you want to be don't let it in  
Wonder what this life is all about  
Come on, Come on, sometimes you gotta shout

Hey, hey, hey  
Whatcha wanna be  
Explore all possibilities  
Now, now, now,  
Doesn't matter how  
Can you take this lying down  
Move, move, move  
Don't you wanna groove  
Inhibitions gotta lose  
Say, say, say  
Whatcha gonna do  
Come on, Come on, Come on  
This is our time

Can't find the room to move  
All caught up in worthless rules  
A contradiction of what we see  
Break these chains to set you free  
Losing interest goes to show  
Just how far we have to go  
Changing what this life is all about  
Come on, come on,  
sometimes you gotta shout

Hey, hey, hey  
Whatcha wanna be  
Explore all possibilities  
Now, now, now,  
Doesn't matter how  
Can you take this lying down  
Move, move, move  
Don't you wanna groove  
Inhibitions gotta lose  
Say, say, say  
Whatcha gonna do  
Come on, Come on, Come on  
This is our time

Been waiting for too long  
Leave your worries right or wrong  
Why pretend it's what we need  
For tonight has just begun  
And the moments finally come  
Individuality

Better nature drowned in doubt  
Is this what life's all about  
Put your faith in what you do  
To yourself you must be true  
For tomorrow we will find  
Same old circle we won't mind  
Walls that keep us day to day  
We'll always find our way

Hey, hey, hey  
Whatcha wanna be  
This is our time, this is our time  
Now, now, now  
Doesn't matter how  
This is our time, this is our time  
Move, move, move  
Don't you wanna groove  
This is our time, this is our time  
Say, say, say

Whatcha gonna do  
Come on, come on, come on  
This is our time

Look as far as you can see  
Is this really what we need  
In the end there's no disguise  
From yourself you cannot hide
