[Ice Cube]

I got a full tank of unleaded {repeat x4 }

Now we could roll all day, if i could ride all night

---I got a full tank of unleaded--- {repeat}

(verse one) {:30}

I see you walkin' and i'm damn near stalkin'

You a chicken head and i'm chicken hawkin', now we talkin'

'Bout your unlucky background

And how your ex-boyfriend is smokin' crack now (why)

I'm very very simpethetic

But baby where you headed?

---I got a full tank of unleaded---

She got in and had ass for days like

---BOOM, BAM, GOD, DAMN!---

She aks me would i harm her

No, i'm a charmer

A fuckin' night in shining armour

We went out and had a blast, everytime she walked past

Nigga got a quick fast glimpse of that ass

("what choo wanna do after this?")

I wanna get your tities in my fist

But you wanna kiss

Your mouth might taste like dick (ewww)

And i grew up on bearin' wit, trick

Now we could roll all day, if i could ride all night

---I got a full tank of unleaded--- {repeat}

(verse two) {1:19}

Niggas that i know don't kiss no hoes

Niggas that i know don't buy no clothes

Niggas that i know don't fuck no pros

Niggas that i know roll foots (?) in fours (yeah)

Pull them panties off your hips

Pussy deep as crips

And 'bout as wide as my grip

Never ever get me with that wipper feel

They got a pants full of black steel

Am i too real?

You like dick i know you do

Wanna bring out the hoe in you

I know what you're goin' thru

You already think you're cree-al

You should learn to suck this like Vanessa Del Rio

Aww, you thought i was a nice guy

But shit, i was around eight, with bitches gettin' laid

If i wrap my dick in plastic

Now, how wide can that ass get?

It's gettin' drastic

Now we could roll all day, if i could ride all night

---I got a full tank of unleaded--- {repeat}

(verse three) {2:10}

Should of picked up an old girl that i know

That's what i get for fucking with you young hoes

About to get an attitude, what's hapenin'?

Baby how you actin'?

Let's get it crackin' (c'mon)

No?

well then bitch you got to go

I put her ass out, on imperial

Hoe slammed my door, next to texico

Kick my lexo, broke my window

Put out my indo

Jumped out and said "bitch are you crazy?"

Fucked around and got lazy

She jumped in my car, took off, now i'm stuck

And all i want to do was fuck

(damn....)

I had to stroll all day, I had to walk all night

---i had a full tank of unleaded--- {repeat
