She said I can be a frog  
I can be a bat  
I can be a bear  
Or I can be a cat

She said I can be a lion  
I can be a guillemot  
I can be a warrior Indian  
I can be a helicopter

She said I can be a wolf  
I can be a finch  
I can be a jaguar  
Or a locust on the bridge

She said I can be a monkey  
I can be a tiger  
I can be a tornado  
Knocking down your wires

Well, it seems like she can be anything  
Any kind of creature she wants to be  
Oh, it seems like she can be anything  
Any kind of frog  
Any kind of bear  
Any kind of monkey  
She wants to be
