Lucky

Now you're right in front of me

Block up all the lightning

You chase the storms away

Rainbows

Though you never really know

Sometimes they come to you

Luck can save the day

Now you're a man, you're a lucky man

You've got a bunch of lightning super rainbows

Shooting out of your hands

It even makes the fucked up days

Feel like part of your plan

Now you're a man, you're a lucky man

(You're a lucky motherfucker)

Now you're a man, you're a lucky man

You've got a bunch of lightning super rainbows

Shooting out of your hands

It even makes the fucked up days

Feel like part of your plan

Now you're a man, you're a lucky man

(You're a lucky motherfucker)

Lucky

Now you're right in front of me

Block up the lightning

You chase the storms away

Rainbows

Though you never really know

Sometimes they come to you

Luck can save the day

Gonna get lucky

Gotta get lucky now
