You don't know what you're becoming
Who knows what you're gonna be
We don't know where we're going
We don't know 'cause we can't see
If I could tell your future
I'd say love the world you find
In the dark times and the hard questions
Let some sunshine in your mind
Sun is rising, and I think that's good
You're just now realizing
Some things you never thought you would
Sun is rising, and I think that's good
You're just now realizing
Some things you never thought you would
