Unit three thousand twenty-one is warming  
Makes a humming sound  
When its circuits duplicate emotion

And a sense of coldness detaches  
As it tries to comfort your sadness

One more robot learns to be  
Something more than a machine  
When it tries the way it does  
Makes it seem like it can love

Cause it's hard to say what's real  
When you know the way you feel  
Is it wrong to think it's love  
When it tries the way it does

Feeling a synthetic kind of love  
Dreaming a sympathetic wish  
As the lights blink faster and brighter

One more robot learns to be  
Something more than a machine  
When it tries the way it does  
Makes it seem like it can love

Cause it's hard to say what's real  
When you know the way you feel  
Is it wrong to think it's love  
When it tries the way it does
