One, two, three, four, five, six, seven, eight, nine, ten,
begin again
We can be like they are
We can be free
We can be like they are
We can be free
Free to be evil
Free to believe
Free to be slaves now
To this silver machine
(Can it help us?)
Yes, yes, yes
We can be like they are
(I can be like they are)
We can be free
(I can be free)
We can be like they are
(I can be like they are)
We can be free
(I can be free)
Free to eat the fruit
(I can eat the fruit)
From the evil tree
(From the evil tree)
Free to be one now
(Free to be one now)
With the silver machine
(Can it help us?)
Yes, yes, yes, yes
