Shine on Sweet Jesus

Waitin' for my ride  
Jesus is floating outside  
(Shine on sweet Jesus for me)  
Watching the water rise  
I'm getting lost in the tide  
(Shine on sweet Jesus)

While I still myself  
Your blankets cover me  
Covered me while I  
Was still asleep

Watching the planets shine  
Reflecting yourself in the sky  
(Shine on sweet Jesus for me)  
Scraping these smiles of mine  
Impossible wanting to die  
(Shine on sweet Jesus for me)

While I still myself  
Your blankets cover me  
Covered me while I  
Was still asleep

Jesus is at my side  
Wondering why we're fighting  
(shine on sweet jesus for me)  
Watching the water rise  
I'm getting lost in the tide  
(shine on sweet jesus for me)

While I still myself  
Your blankets cover me  
Covered me while I  
Was still asleep
