I should have seen this
From a mile away
I should have never let you
Get that deep inside
You're an actress
I can't believe a word
You take anything
To get anywhere in life
Stumble back to where you came from
Wide awake and falling on your faith
You got an evil wicked way
Of saying I love you, I love you
Tear away from everything you are
You got an evil wicked way about you, I hate you!
Like a virus
That spreads throughout my veins
You're incurable and such a waste of time
You're an angel
But only in your head,
You'll hurt anyone
To get anything in life
Slither back from where you came from
Wide awake and falling on your faith
You got an evil wicked way
Of saying I love you, I love you
Tear away from everything you are
You got an evil wicked way about you, I hate you!
Who do you think you are?
Who do you think you are?
Who do you think you are?
Who do you think you are? [2x]
Wide awake and falling on your faith
You got an evil wicked way
Of saying I love you, I love you
Tear away from everything you are
You got an evil wicked way about you, I hate you!
Who do you think you are?
Who do you think you are?
Who do you think you are?
Who do you think you are?
