Confess what you crave
A life without pain
You'd kill for the taste
But the hurts still remains

Still they don't know who you are
Still never know who you are

Just be still my Emerald
I'll be waiting for you
Do exactly what you're told
I'll be waiting for you

Ashamed by the threats
You pierce the embrace
Afraid and alone
In a dark lonely place

And still they don't know who you are
They still never know who you are

Just be still my Emerald
And I'll be waiting for you
Do exactly what you're told
I'll be waiting for you

Did you always wanna be?
Did they try to steal your soul, oh no no no?
Did they hurt you with deceit, yeah?
Can't you come in from the cold?

Be still my Emerald
I'll be waiting for you
Do exactly what you're told
I'll be waiting for you

To come in from the cold
I'll be waiting for you
Be still my Emerald
I'll be waiting for you
