Is that what mama, is that what you wanna do?
You got something to prove.
Is that what mama, you wanna be on your way?
Well I got something to say.

Let me show you the door,
Please, let me show you the door.
I want to show you the door.

Is that what mama, is that what you wanna be?
I said you wanna be free.
Is that what you wanna do, is that what baby?
I think it's good enough for you.
Let me show you the Door
I said please, mama please
I wanna show you the door.

Is that what mama, is that what you wanna be.
I said you wanna be free.
Is that what mama, is that wanna do,
Well I think it's good enough for you.

Let me show you the door,
please, let me show you the door
I want to show you the door
