

Tea Party "Pulse"

I saw a face in the mirror
It made my blood run cold
I think I've waited too long

I went along for the ride
She complicated the slide
I went to take her hand
I couldn't feel a pulse

Senseless is pleasure
Nothing's forever
The sooner you see
You can't deny me

I had a dream that within
A celebration of sin
You do a dance with denial, yeah

I only wanted a friend
To see a beautiful end
I went to take her hand
I couldn't feel a pulse

Senseless is pleasure
Nothing's forever
The sooner you see
You can't deny me

Senseless is pleasure
Nothing's forever
The sooner you see
You can't deny me
You can't deny me
You can't deny me
