I'm the unseen
I'm disbelief
I'm undone

You are a dream
You are desire
You're the one

If you show me what I'm missing
If you tell me I would listen to you
Guide me through the night

And please watch over me
And please watch over me
And please watch over me
Because I can't carry on without you

These are the days
When everything is changed
Look around

Dancing I fall
I fall through these cracks
That surround

If you show me what I'm missing
If you tell me I would listen to you
Guide me through the night

And please watch over me
And please watch over me
And please watch over

I'm burning, I'm burning like a fire without end
As I'm turning into storm clouds twisting in the wind
I surrender everything, remember everything

Oh my love, oh my love
And please watch over me
Oh my love, oh my love
And please watch over me

Oh my love, oh my love now please watch over me
Because I've fallen down and I can't carry on
No I won't carry on without you
