I don't know what it is
But I know that I need it
A thousand things and a kiss
And the chance I'll deceive it

I can't stand no more
I won't stand no more
I can't stand it anymore

I can't stand no more
I won't stand no more
I can't stand no more
I won't stand no more
I can't stand it anymore

I'm wishing you would stay
(I am not far away)
And help me find my way, love
(You are not lost my love)

I'm wishing you would stay
(I am not far away)
I'm trying to break the chains off
(There's no prison here)

Beyond ourselves lessons learned
And the space that's between us
A thousand things and a kiss
And the chance it deceives us

I can't stand no more
I won't stand no more
I can't stand it anymore

I can't stand no more
I won't stand no more
I can't stand no more
I won't stand no more
I can't stand it anymore

I'm wishing you would stay
(I am not far away)

And help me find my way love
(You are not lost my love)

I'm wishing you would stay
(I am not far away)
I'm trying to break the chains off
(There's no prison here)

Wishing you would stay
(I am not far away)
I'm trying to find my way love
(You are not lost my love)

And I know you feel it hurts us now
Like a thorn beneath the rose
But it stays within without us girl
There's nothing more

I'm wishing you would stay
(I am not far away)
And help me find my way love
(You are not lost my love)

I'm wishing you would stay
(I am not far away)
I'm trying to break the chains off
(There's no prison here)

Wishing you would stay
(I am not far away)
I try to find my way love
(You are not lost my love)

I'm wishing you would stay
(I am not far away)
And help me find my way love
(There's no prison here)

I'm wishing you would stay
(I am not far away)
I'm trying to break the chains off
(You are not lost my love)

I'm wishing you would stay
(I am not far away)
I'm trying to find my way love
(There's no prison here)

I'm wishing you would stay
(I am not far away)
And help me find my way love

(You are not lost my love)

I'm wishing you would stay
