"Learn As You Listen 2010"

Visit "[Learn As You Listen 2010](#)" on MotoLyrics.com

Alright, let's get started
You may learn something

Now that you are ready for your second lesson
Let us look back and see what were the most important
things you have learned from your first lesson

Alright, let's get started
You may learn something

Now that you are ready for your second lesson
Let us look back and see what were the most important
things you have learned from your first lesson

Let's get started
You may learn something

Now that you are ready for your second lesson
Let us look back and see what were the most important
things you have learned from your first lesson

Alright, let's get started
You may learn something
