Maybe you and I see life with two different visions
And neither one of us is wrong or right
Maybe we're too serious and don't want to listen
I just want to make you laugh tonight
We are like
Day and night
Night and day
We are both so different in so many ways
We are like
Night and day
Day and night
And we go together just like black and white
Seems you're always out one door when I'm in the
other
It's so hard to find some quiet time
I wish that we could spend our lives alone with each
other
And never think about the world outside
We are like day and night
Night and day
We are oh so different in so many ways
We are like
Night and day
Day and night
Still we know it's gonna be alright
And if we never really get the picture right
How many of us ever really win the fight?
I never wanna lose your love or let the distance get the
best of us
'Cause time is moving fast enough.
Maybe we don't always share a common opinion
It's true that you and I don't think alike
But when I look into your eyes and all is forgiven
All I wanna do is hold you tight
We are like day and night
Night and day
We are both so different in so many ways
We are like
Night and day
Day and night
Still we know it's gonna be alright

We are like night and day
Day and night
And we go together just like black and white
We are like, we are like, we are like day and night
Night and day
Day and night
Night and day
We are like, we are like, we are like day and night
Night and day
Night...
Black and white.
