He takes me everywhere he goes, and he goes
everywhere
He likes to try on all my clothes, but not my underwear
And he never hates me, just wants to levitate me
Now I know the secret of the world

I am the girl, and he is the guy
I never dare to be simple and wise
Surprise, surprise...
He opened up my eyes
I understand everything, and now I can die

He gives me everything he's got, and he's got
everything
He calls me on the phone a lot, he's got a special ring
Yeah he really loves me
Sweethearts and Turtledoves me
Now I know the meaning of that word

I am the girl, and he is the guy
I never dare to be simple and wise
Surprise, surprise...
He opened up my eyes
I understand everyhting, and now I can die

I'm not trying to say that I don't want to live, cuz I do
I've got more to take and I've got some more to give,
you know I do
But if tomorrow, my number should be called
I won't be sad, I won't feel bad at all...call

Yeah he really loves me
Sweethearts and turtledoves me
Now I know the secret of the world

I am the girl, and he is the guy
I never dare to be simple and wise
Surprise, surprise...
He opened up my eyes
I understand everything, and now I can die
Oh he gives me everything, and now I can die
