Down to the earth
I fell with dripping wings
Heavy things won't fly
And the sky might catch on fire
And burn the axis of the world that's why
I prefer a sunless sky
To the glittering and stinging in my eyes

And I feel so light
This is all i want to feel tonight
And I feel so light
Tonight and the rest of my life

Gleaming in the dark sea
I'm as light as air floating there breathlessly
When the dream dissolves
I open up my eyes
I realize that
Everything is shoreless sea
A weightlessness is passing over me

And I feel so light
This is all i want to feel tonight
And I feel so light
Tonight and the rest of my life
Tonight and the rest of my life
And I

Everything is waves and stars
The universe is resting in my arms

I feel so light
This is all i want to feel tonight
I feel so light
Tonight and the rest of my life

And I feel so light
This is all i want to feel tonight
And I feel so light
Tonight and the rest of my life
Tonight and the rest of my life
