Around this time of year  
Nothing helps to keep me warm  
The days get older  
Oh, so slowly gone  
When you're far away from home  
Nothing can stop the night from falling  
Nothing can stop me crying out your name

Chorus:

When I'm miles and miles away from you  
And I don't know what I'm gonna do  
When I'm miles and miles away from you  
I need your arms around me  
I know you're sleeping  
I know it's only time  
Till I'm back with you again  
And if you're dreaming  
I hope your dreams are mine  
And it will always be the same  
Nothing can stop the night from coming  
Nothing can stop me crying out your name

Chorus:

When I'm miles and miles away from you  
[Miles and miles away]  
And I don't know what I'm gonna do  
When I'm miles and miles away from you  
[Miles and miles away]  
I need your arms around me  
Around me

Bridge:

I can feel you lying beside me as I reach across the bed  
I can hear you say, I can hear you say - I love you  
But as I open up my eyes, with your voice still in my  
head

I know that I'm, I know that I'm in love  
When I'm miles and miles away from you  
And I don't know what I'm gonna do  
When I'm miles and miles away from you  
I need your arm, need your arms, need your arms  
around me  
[Miles and miles away]  
And I don't know what I'm gonna do

When I'm miles and miles away from you  
[Miles and miles away]  
I need your arms, I need your arms around me  
Miles and miles away  
Away  
What am I gonna do without you  
[Miles and miles away]
