No stronger love
No, no baby
No stronger love

There is no way to say
How much I need you
In every way you thrill me so
With every thing you do

I'm so proud to say
That your love pleases me
Everyday and in every way

Ooh baby, I'm so proud to say
Your love pleases me, girl
Everyday, night and day in every way, Lord

Your eyes, your smile
They show me, baby, you're satisfied
With the love I get from you
Baby, our love is shared between two

For there's no stronger love
Then a love that's shared by two
That's the love, the kinda love
I share with you

Ooh baby, listen girl, I'm so proud to say
Baby, your love pleases me, girl
Everyday, night and day in every way, lord

No stronger love, no stronger love
No stronger love, no stronger love

I trust in you, you've always shown
You trust in me too
Whatever I do for you, baby
Don't you know you can do the same too?

For there's no stronger love
Then a love that's shared by two

That's the love, the kinda love
I share with you

I'm so proud to say
Baby, your love pleases me
Everyday, night and day in every way

No stronger love, no stronger love
No stronger love, no stronger love
No stronger love, no stronger love
No stronger love, no stronger love
No stronger love
