So tell me how does it feel
You're at the end of your time
No future no past
No reason no rhyme

All your friends will arrive
So you have nothing to fear
Everything you desire
Is already up here

How does it feel
How does it feel

You've got your head in the clouds
Yes, you're walking on air
You can forget all your worries
You can forget all your cares

Touch the wings of an angel
Everything becomes clear
Touch the heart and discover
When you're living up here

You're Living in Heaven...

So tell me how does it feel
When you find all your dreams
In two twining up lovers
Spinning wheels within wheels

With just one look in your eyes
With just a touch of your hand
All the walls they will come down
Turn your body to sand

Living in Heaven
You're Living in Heaven...

You're Living in Heaven...
