I can see you standing outside  
See your shadow on the wall by a street lamp  
I've got a manual instructing my brain  
I turn around, cover eyes, I see you

Standing in the doorway  
Standing in the doorway  
I can see you

Standing in the doorway  
Standing in the doorway  
I can see you

I can see you walking behind  
See your face silhouetted in the half light  
I've got a manual instructing my brain  
I turn around, cover eyes, I see you

Standing in the doorway  
Standing in the doorway  
I can see you

Standing in the doorway  
Standing in the doorway  
I can see you

I can feel your presence inside  
Like a chill, like the point of a sharp knife  
Instruction manual instructing my brain  
I turn around, cover eyes, I see you

Standing in the doorway  
Standing in the doorway  
I can see you

Standing in the doorway  
Standing in the doorway  
Standing in the doorway  
Standing in the doorway  
Standing in the doorway  
Standing

in the doorway  
Standing  
in the doorway  
Standing  
in the doorway
