Comin from the darkness of the cut up north

Memphis bitch killers from the evergreen garden

We don't set trip, for my niggas doin time in two or one

For their crimes, lets get in the gangsta line

And throw the funky town sign

I'm on that other level (level)

Go grab the shovel (shovel)

Cause many bodies drop and sever (sever)

So meet the devil (devil)

Creep up with plastic hard as wood (wood)

Cause hater would (would)

Run thru our hood but our hood (hood)

Is like no good (good)

I wish you could (could)

Tryin to make a bill, what you want what?
Never be buck, tear da club up better duck
Who that wanna take the opposition better throw it up

Swept you clean off your feet
Street sweep till the beat heat till you go seek and peak

Who that was in the cut gettin rough?

{kilo}

Buck wildest walk tennessee now, make yankees

Kilo been ready in tennessee, got you hoe, how you like
hennesey?
Can't help it to be bogus mayn, grew up pimpin and I
done slanged
Gang banged with my foes, really didn't mind it
hustlin's great
Desperado, and I chose my home
When I'm out there like an ice cold catacomb
Now in the storm, got ya rollin up the window
Keep your arms in so heat up
When it comes too crucial throw it up
Gettin scummy dirty money nigga throw your set up

{wildstyle}

Load the clip I'm known to rip up but you wanna get it
on
Send up the tech anybody wanna flex the chi-
I'm a bet you die, when the bangers ride
Its a one-on-one war battle
Showdown for anybody want some get yourself
knocked out
We bogus nigga, anty up trigger, chi-town killers
All mighty go getters, now what's it be like?
Flaggin my set, we outlaws, we creep our way
Bring it on gone getcha thug on
In the club better let it be known
Snappin and rappin em up when they came
With a gang fin to bang throw your set
Bet runnin loud buckwild, who is that?
