Hey!

Life is a ever changing flow  
how he always try to find a way to fight it  
There you go again your praid just toke a blow  
So you ask yourself if it was really worth it  
the only thing I know  
love will come and go  
chances are we hurt  
somebody  
if you wanna go deep we will never stay asleep

wake up and dance in the sunshine  
wake up, love's on the frontline  
right now you all shake up  
things are gonna get better  
make up its time to forgive now  
wake up better fall in love and fail  
than never fall in love at all

So keep moving on better  
realise the pain its all behind you  
you dont know  
tomorrow might be great  
there's a world out there  
its waiting for your lefter

the only thing I know  
lovers will come and go  
find somebody new  
stop crying  
if you wanna go deep you can never stay asleep

wake up and dance in the sunshine  
wake up, love's on the frontline  
right now you all shake up  
things are gonna get better  
make up its time to forgive now  
wake up better fall in love and fail  
than never fall in love at all

never give up on sweet romances  
the world is full of second chances

hey, come on come on wake up  
dance in the sunshine  
wake up love's on the frontline  
right now you all shake up  
things are gonna get better  
make up its time to forgive now  
wake up better fall in love and fail  
than never fall in love at all

Wake up and dance in the sunshine  
wake up, love's on the frontline  
right now you all shake up  
things are gonna get better  
wake up time to forgive now  
oh wake up better fall in love and fail  
then never fall in love at all
