Now he must be gone

Must be moving on

Troubles come

He has to live in France

Torn from the one place he ever knew

Goya

Now he must go away

Never to come back to Spain again

Goya

Oh, he must go away

Painting the hills of the Netherlands

Goya

Oh, he must go away

Never to come back to Spain again

Goya

Now he must be gone

Must be moving on

Now he must be gone

Must be moving on
