See it in my eyes  
See it in my eyes

So now I got a black eye  
Even though I never got smacked  
But if I get a retry  
Then I will try to give back  
You were the one who got jacked  
And i hope that you will forgive me for whenever I  
capsize

I know that you can see it in my eyes  
I'm not myself right now  
My biggest problem is to compromise  
but I'm sure I would know how  
I show my tragedy with my black eye

I've been the one to deny  
Everything that you do  
I said it's all a big lie  
Always questioning you  
Even though you've been true  
And i know that i've been nothing more than just a  
jealous guy

I know that you can see it in my eyes  
I'm not myself right now  
My biggest problem is to compromise  
but I'm sure I would know how  
I show my tragedy with my black eye

But everybody's talking about you  
All the time about things you do  
And that's the only time i do realize  
That i do love being close to you  
And everybody's laughing with you  
Guess that's the thing that i just can't stand

I'm selfish more than i am a man...

I know that you can see it in my eyes

I'm not myself right now  
My biggest problem is to compromise  
but I'm sure I would know how

I know that you can see it in my eyes  
I'm not myself right now  
My biggest problem is to compromise  
but I'm sure I would know how  
I show my tragedy with my black eye  
With my black eye
