we lost our luggage and we lost our smiles
we've been the melancholy brothers so many times
when we went down to an unknown club
she did the best she could to cheer us up

Leona said we could go in for free
Leona was so pretty indeed

infected by Madonna she was nr. one
haven't met a girl this clean in a long long time
damn we had to leave I swear we had
no choice but one thing to remember is her
tiny voice

sometimes when you're all alone you're not
expecting much from anyone maybe that's the
reason she was so lovely to me but if I get a super
job then I will work work really hard to get some
money and go somewhere and find a girl like her.
