So you ain't got all your chickens home.
From what I do recall you don't have incurable
syndromes.
So don't you worry 'bout a single thing.
Don't you hurry, you're a future-king.

I know it's all in you, just gotta find out what you wanna
do.
I know it's all in you and deep inside you feel it too.

They say you're lazy and don't wanna work.
It's not too crazy not to wanna slave, you're not a jerk.
So don't you doubt about your future plan.
You're a knockout and I'm your biggest fan.

You know it's up to you. You always have an option
to choose what you wanna do, take control or run and
hide.
It's OK to take a fall, if you have good intentions.
As long as you give it all, you'll feel good inside.

I know it's all in you, just gotta find out what you wanna
do.
I know it's all in you and deep inside you feel it too.
I know it's all in you, the common sense, splendid point
of view.
I know it's all in you, all your dreams they can come
true.
