"Wait"

one kind of sorry
two kinds of greed
three kinds of jealous,
every kind of me

wait for me
wait for me
wait for me at the bottom of the sea.
come along,
run your hands through my hair.

look through the window,
daddy's got oatmeal cookies
make me cry.

wait for me,
wait for me,
wait for me at the bottom of the sea.
come along,
run your hands through my hair.

come along,
run your hands through my hair.

midnight on the moon
sleeping beauty,
take me too;

wait for me
wait for me
wait for me, at the bottom of the sea.
come along,
run your hands through my hair.
