This race is already run  
Get off your horse  
Get on this train  
Welcome to the real world  
I said, Welcome to the real world  
Are we rushing like the wind  
Naked out and naked in  
Welcome to the free world  
I said, Welcome to the me world  
Are we rushing like the wind

Put your lovin' arms around

Did you lose your faith in God, no  
Does your conscience always get you down  
Fall to pieces  
Rough and tumble  
Does your conscience always get you down

These days it's all in the mind  
It's elemental  
Don't say you're up when you're down  
It's elemental

Put your lovin' arms around

This your new year's resolution  
Put your lovin' arms around  
Nothing doing revolution  
Put your lovin' arms around

Take another leap in the dark  
With a humble heart  
Do yourself some good  
What did you become  
Patience  
Be sure  
Baby  
Baby

These days it's all in the mind

It's elemental  
Don't say you're up when you're down  
It's elemental
