We are sensual
Low self esteem
From the way you operate
Like a machine

Temperamental
You sometimes break down
You should try to all survive
Close to the ground

Why am i often in pain?
Why is my brain not like other people's brain?
I see you
I can see who you are

I can see you
I can see who you are
Can you see me?
See who i am
Do you know me?
Do you know what i like?
Do you understand?

Hands raised to heaven
With a boy against the world
Your father was a preacher
You aren't the son of man
The son was always there though
He was looking for someone
With whom to share his twilight years
The son was always there though
He was looking for someone
With whom to share his twilight years

My career is so surreal
Can we renegotiate part of the deal?

Why am i often in pain?
Why is my brain not like other people's brain?
I can see you
I can see who you are

Why let the train take the strain?
How does the man in the moon know my name?
I see you
I can see who you are

I can see you
I can see who you are
Can you see me
See who i am?
Do you know me?
Do you know what i want?
Do you understand?

Cos i see you
I see who you are
Can you see me
See who i am?
Do you know me?
Do you know what i'm like?
Do you understand?
