Time seems a crazy thing
Now that your heart can sing
Like a child
I know the stars tonight
Carry a guiding light
Still so proud
Pushin' or pullin' a cloud

Driving through driving rain
Just me and johnny jane
We're okay
We're just pullin' a cloud

There's a story in the lines of your face
Never now but not afraid
With the magic of your smile
You make me humble

Baby be wise
Stay by my side
Still so proud
Pushin' or pullin' a cloud
Pushin' or pullin' a cloud
Pushin' or pullin' a cloud
