Could you be wrong
Could you be wrong
To choke on the smoke and the drunkenness
Drowning in sorrow with each breath

You're a wino
A cigarette smoker
You have a good time
They call you a joker, don't they
Wino
You're a cigarette smoker
You have a good time
They call you a joker, don't they
Don't they

Could you be wrong
Could you be wrong
You're happy dying you don't wanna change
Remove your fix and you feel your pain

You're a wino
A cigarette smoker
You have a good time
They call you a joker, don't they
Wino
You're a cigarette smoker
You have a good time
They call you a joker, don't they
Don't they
