See the rocking nation brakin' it down
Here's the rockin nation breakin' it down
Rockin' nation breaking down
Breakin' it down
Rockin' nation

I'm back on track
Although its big quite a while for me
To rock the microphone
In b-boys daubt
It doesnt really make a difference what you like
Cause i'm about as i were in a house tonight
So get down to the bank, bank the boogie, the beat
Turn up the boom bucks walking down the street
I give you what you need
When i am in your town
I get ready for the rockin nation breakin it down
Come on

Chorus:
See the rockin' nation breakin' it down
Here's the rockin' nation breakin' it down
See the rockin' nation breakin' it down
Here's the rockin' nation breakin' it down

Hey
Well ya
Hey everybody go
Right

Well ya
Hey everybody go
Straight

Lay your ears on the speakers
And feel the bass
Blow the dust of your sneekers
Get back in the race
People rockin never stoppin
Hip hop in the blaze
I got a smile on my faces

Like i'm back in the day
O cool how me see me
Black in that's my face
They say hip hop works
In the stereost ways
I quit my full time job
Lets say hip hop base
But making money with the microphone is not the case

Come on

See the rockin' nation breakin' it down
Here's the rockin' nation breakin' it down
Close, close
See the rockin' nation breakin' it down
Here's the rockin nation breakin' it down
Yeah

Rockin nation

See the rockin' nation breakin' it down
Here's the rockin' nation breakin' it down
Goes, goes
See the rockin' nation breakin' it down
Here's the rockin nation breakin' it down
Yeah
See the rockin' nation breakin' it down
Here's the rockin' nation breakin' it down
Goes, goes
See the rockin' nation breakin' it down
Here's the rockin' nation breakin' it down
