i walk the streets at night  
and stumbled 'cross two friends of mine  
i see their faces stained by in the coffee grinds  
black liiiiiiifeeee  
cant i now defy you  
in this black life  
black knife stabs me in the back  
i reaaalizeeee

i sense their coming to me everyday most all the time  
i feel the predator he knows my name by now alright  
god knows i've taken all that I can stomach up to now

but from the corner of my eye i dreeam about  
i want a blueeeee liiiiiiife  
basking in the light  
i want a blue skyyyyyyyyy  
oh not a cloud in sight  
want a blueee liiiiiiife  
no need for me to hide  
from this black liiiiiiight  
do you hear me noooooow

(gotta turn around)

i still I stand here unemployed and overqualified  
keeper of the king the strychnine in the troughs tonight  
black life  
cant i now defy yooou in this black life  
black knife stabs me in the back  
i reaaalizeee

i sense their coming to me everyday most all the time
