It doesn't work that way, you've seen enough to know  
better

Better recalculate this

This time use your heart and not your mind

Maybe you just don't get it

And you've worked too hard to throw it all away

You're just not ready baby, to start over again

Set set set, now you're ready to go

You couldn't make it better if it never belonged

Take your time, figure it out

This is a call to all the pain (this too shall pass)

We'll find a brand new way

You've seen enough to do better

When you recalculate it, darling use your heart

Maybe you just don't get it

And you've worked too hard to throw it all away

You're just not willing baby, to start over again

Set set set, now you're ready to go

You couldn't make it better if it never belonged

Take your time, figure it out

This is a call to all the pain (this too shall pass)

Isn't it funny how we starve for our salvation

Maybe it was there in front of you

Searching in the strangest of all places

Maybe it was there beside you

Know that this will pass

All dressed up and you're ready to go

You couldn't make it better if it never belonged

Take your time, figure it out

Can't take away the pain but it will pass, this too shall  
pass

Set set set, now you're ready to go

You couldn't make it better if it never belonged

Take your time, figure it out

This is a call to all the pain (this too shall pass)

Set set set, now you're ready to go (woah)  
Take your time, figure it out  
This is a call to all the pain (this too shall pass)
