Advice for the young at heart  
Soon we will be older  
When we're gonna make it work?

Too many people living in a secret world  
While they play mothers and fathers  
We play little boys and girls  
When we're gonna make it work?

I could be happy, I could be quite nice  
It's only me and my shadow happy in our make believe,  
soon  
And with the hounds at bay I'll call your bluff  
'Cause it would be okay to walk on tiptoes everyday

And when I think of you and all the love that's due  
I'll make a promise, I'll make a stand  
'Cause to these big brown eyes this comes as no  
surprise  
We've got the whole wide world in our hands

Advice for the young at heart  
Soon we will be older  
When we're gonna make it work?

Love is a promise, love is a souvenir  
Once given never forgotten, never let it disappear  
This could be our last chance  
When we're gonna make it work, working hour is over?

How it makes me weep  
'Cause someone sent my soul to sleep

And when I think of you and all the love that's due  
I'll make a promise, I'll make a stand  
'Cause to these big brown eyes this comes as no  
surprise  
We've got the whole wide world in our hands

We've got the whole wide world in our hands  
We've got the whole wide world in our hands, in our  
hands

Advice for the young at heart  
Soon we will be older  
When we're gonna make it work?

Advice for the young at heart  
Soon we will be older  
When we're gonna make it work, working hour is over?

We can do anything that we want  
Anything that we feel like doing
