Got fed on tea and sympathy

Blew the sail like the wind

I wish you were my enemy

I was humble for you

What a fool I've been to have

Laid so low for so long

Into that void of silence

Where we cry without sound

Where tears roll down

Where tears roll down

And where your mother's violence

Sent your soul underground

Where tears roll down

Where tears roll down

Drew the blade way too slow

Was shackled by your honesty

Made a mess, I guess I have should have known

That life was lust and liberty

Not a chance mutation or the last temptation

Laid so low for so long, so low

Into that void of silence

Where we cry without sound

Where tears roll down

Where tears roll down

And where your mother's violence

Sent your soul underground

Where tears roll down

Where tears roll down
