"Confide in Me"

Visit "[Confide in Me](#)" on MotoLyrics.com

I stand in the distance
I view from afar
Should I offer some assistance?
Should it matter
Who you are?

We all get hurt by love
And we all have our cross to bear
But in the name of understanding now
A problem should be shared

Confide in me) x 2

I can keep a secret
And throw away the key
But sometimes to release it
Is to set our children free

We all get hurt by love
And we all have our cross to bear
But in the name of understanding now
A problem should be shared

Confide in me) x 4

Stick or twist
The choice is yours x 2
Hit or miss
What's mine is yours

We all get hurt by love
And we all have our cross to bear
But in the name of understanding now
A problem should be shared

Confide in me) repeat to the end
