[1:]

You can tell me anything  
You can tell me anything  
I'll believe you

You know it too  
Share the truth with lies  
Set aside one flies  
Will you realise

[CHORUS:]

If you don't love me  
You don't love me  
I will know  
If you don't love me  
You don't love me

[2:]

You can ask me anything  
You can ask me anything  
I will do it

You know it too  
Nothing that I'll do  
If you want me to  
And it's all so true  
[CHORUS:] I'll know
