(feat. Keith Washington)

[\* Keith singing]

[+ both Kylie and Keith singing]

[1:]

\*Without you standing by my side

\*Love and good fortune passes me by

And you were my guiding light

It seemed so easy

+When we said goodbye

+How different would the world be now

If only we had worked it out somehow

+What kind of fools are you and I

+There would be stars up in the sky

+If you were with me now

[2:]

\*And I know I may go astray

\*But who's to say that we can't change our mind

My love burns stronger each day

If I'm sure of one thing

+One love at a time

+How could we throw our love away

\*When we had so much more than words can say

+The darkest clouds would fade away

+To bring the light into my day

+If you were with me now

[3:]

If loving you is right

Then turn back the hands of time

\*I'd do anything to make you mine

There's nothing that I wouldn't do

\*I could make you feel my love for you

+If you were with me now

+If you were with me now

+If you were with me now
