I'm seeing in your way
but I don't believe it's true
that I'm not the one to make you happy
It would be so wrong
for us to break in two
but do what you gotta do

I hope that you find someone
who can love you like I do
I'll be strong inside
but I'll still be loving you

It's no secret [x4]

when I first meet you
how you changed my life that day
but with each tomorrow
you just seem to drift away

then I discovered
that you were cheating
you were cheating on me
but I was the last to know
ooh, ooh

our love was a life
and it's no secret
it's no secret
how you hurt me inside
and it's no secret
because you told everybody

rain falling down
another minute passes by
I'll wait for you
but this time I won't cry
where are you now
are you with another love
It's not the first time
you stood me up and let me down
I, I, I'm wondering why

I still love you
je ne sais pas pourquoi
I still want you
je ne sais pas pourquoi

did you believe I'd let you down
your jealous heart
gave you the runaround
you couldn't see that
I would always be a friend
If you could look inside your heart
and understand what's tearing you apart
you gotta trust someone
don't let hate get in the way

just turn it into love
turn it into love
and open up your heart
and you'll never feel ashamed
if you turn it, turn it
turn it into love

In my imagination
there is no complication
I dream about you all the time
in my mind of celebration
the sweetest of sensation
thinking you could be mine
in my imagination
there is no hesitation
we walk together hand in hand
I'm dreaming

you fell in love with me
like I'm in love with you
but dreaming's all I do
if only they'd come true

I should be so lucky
lucky, lucky, lucky
I should be so lucky in love
I should be so lucky
lucky, lucky, lucky
I should be so lucky in love

you keep on asking me
why can't we be together
I keep saying
won't you wait a while
what's all the hurry

I thought we had forever
I just need time
till I can make up my mind

I'm not asking for
a love to last forever
I don't expect
to get a guarantee
it's just that I believe
lovers should stick together
I'm only saying
won't you wait for me

I've got to be
got to be certain
I've got to be so sure I've had my share of hearts
broken and I don't wanna take that anymore All
aboard!
