[1a:]

I need you

But you never seem to notice me

I Want you

But I think maybe something's wrong with me

[1b:]

You're the one that I long for (you are the one)

I'm just tring to catch your eye, oh boy

You could mke me so happy, woh-oh

[CHORUS:]

If you would look my way

I would give everything I have to you

Look my way, oh

Show me that you want me too

[2:]

When I see you

You bring out a special need in me, ahh

I wanna hold you

Hold you very close to me

I can't think of another (another love)

Who could make me feel the way you do

You could make me so happy, woh-oh

[CHORUS:]

[3:]

Oh, show me

Show me that you want my love

Oh, hold me

Give me what I'm dreaming of

[1b:]

[CHORUS:]

[repeat & fade]
