[INTRO:]

What kind of fool do you take me for
(Do you take me for, do you take me for)
(But I heard all that before)

[1a:]

I don't wanna hear your reasons
I'm not giving you another chance
In my kindness you saw weakness
Time for me to make a stand

[1b:]

Whenever I hear your music
Singing the same old tune
You're so sure that I can't refuse it
But don't you speak too soon

[CHORUS:]

What kind of fool do you take me for
Don't wanna see your face no more
You can say you'll be true, I can trust in you
But I heard all that before

[2:]

Remember how I used to need you
But baby you were never there
There was a time when I believed you
But now I know you didn't care
Don't wanna hear your hard-luck story
It's the same time after time
It's too late to say you're sorry
You'll never change wrong to right

[CHORUS:]

[CHORUS2:]

What kind of fool do you take me for
No-one on earth could give you more
You would change white to black
If I took you back
But I heard all that before

What kind of fool, what kind of fool
(Believed you, believed you,
Believed you, believed you)

[1b:]

[CHORUS:]

[CHORUS2:]
