Just tryin' to make it through another day
Just tryin' to make it through another day
Just gotta make it through another day

[Chorus: Ask]

Runnin' the streets in the night
a twinkle in my father's eye
sixteen flights in the sky
it seemed like the beginning of time
we were so young, but longed to be so old
this life corrupted us
and God took Smokey from us
I see the sign of the times
I wonder if I could fast forward
but I just wanna rewind

[Grand Agent]

A yo rich man, poor man, read the headlines
we all going the same way at bed time
and all you got in the meantime is ya crib
and ya rib and ya kids or whatever you live for
never take it to the grave wishing you did more
what you wanna do a bid within a bid for?
yo this is life no parole already
might as well hold your nose to the grindstone baby

[Chorus]

[Vincenzo]

su fogli ruvidi crudi tratti di vita e loop fusi a matita con
gli abusi
su beat e crisi sugli incisi vestiti intrisi di sangue
strada madre che piange figlio privo di vita sulle
gambe
abusi e dosi ad occhi chiudi per mesi e snasi sui fogli
e quasi sembra ti prepari la tesi
io resto puro tanto che la gente in strada mi vuole
tagliare
tanto che il cachet mi serve per la cauzione

[Marracash]

io mi limito a dirvi che ho niente the dirvi
e quando dico precipito intendo che non ho appigli
I ricchi e I loro figli coi visi tondi insorti
la folla che non ha appigli e gli sgombri
scopri che Â una trappola solo all'impatto al suolo
Â come se il cuore si spappola e il dolore Â un luogo
dai palazzoni non si scappa non c'Â corazza
l'anima si schianta, sopravvivo sempre meno uomo

[Chorus]

[Ask]
You can work a 9 to 5
or you can stay on ya grind
pumpin' ya nickles and dimes
on the stroll and you know
the cops is on patrol
they posted up 'round the corner
I'm glad we ain't got nothing on us

Hey Grand Agent what you doin' fakin' jax in Italy
I thought you was supposed to be makin' stacks in NYC

I'm just trying to survive
(repeat 4x)
(just trying to make it through another day)
