I'm working for the sake of it and i'm on all the money  
that they gotta give

(Huh)

I go out getting laid but it play safe in a safe place and i  
know

that i know that i wanna live.

I said to you

(ooooooo)

sometimes I feel like I can (Do something)

And now it feels like I am (All set for a good thing)

Come clean unused be free, just good

Been caught, been bruised, been cleaned been used

(No stop a bit)

(Lets take it back a bit)

I hate Saturdays when I wake up with a bulldog next to  
me

(Woof Woof Woof Woof)

I just want my cake, and my own way

(And my own way)

When I think of the things I used to take

(oooooooo)

Some times i take like a man, or something

But now i feel like i am..

(All set for a good thing)

Come clean unused be free, just good

Been caught, been bruised, been cleaned been used

Come clean unused be free, just good

Been caught, been bruised, been cleaned been used

God help

(Our Relationship)

What a crazy trip, I was faking it

I said, baby your the best, your the beeeeeeeeeest

Come clean unused be free, just good

Been caught, been bruised, been cleaned been used
