Ever since the day I met you,
I knew that you were the one for me,
Knew you had me shaking all over,
You stood me up now can't you see
Ohh oh shake it up tonight,
Shake it up all night,
Shake it up tonight,
Tell me that ya love me,
Tell me that you'll stay the night
Now I'm gonna tell you one more time,
I've got to have you every day,
How could I live without your love,
Don't you see you have to stay
Ohhhh shake it up tonight,
Shake it up all night,
Shake it up tonight,
Tell me that ya love me,
Tell me that you'll stay the night
Ohhhh now shake it up tonight,
I said shake it up all night,
I meant shake it up tonight,
Tell me that ya love me,
Tell me that you'll stay the night
Shake it baby,
Shake it tonight,
Ohhh shake it baby,
Shake it tonight,
Shake it baby,
Ohhh tonight
Ohhh shake it up tonight,
I said shake it up all night,
I meant shake it up tonight,
Shake it up all night,
Shake it up baby
(Shake it up)
I said
(Shake it up)
